

## **Mid-SR Power BI Technical Consultant.**

### **WHO is HSO ProServ?**

HSO ProServ is the premier provider of Microsoft Dynamics 365 cloud solutions for professional services firms and other project-driven businesses for the past 20 years. We are an 11-time Microsoft Partner of the Year and a proud member of Microsoft's elite Inner Circle representing the top 1% of Microsoft Partners worldwide. Our family of vertical solutions extend the core functionality of Microsoft Dynamics 365 to provide an unparalleled offering in the marketplace for architecture, engineering, construction firms, accounting firms, consulting firms and law firms. Our industry solutions include: accounting360, legal360, aec360, and consulting360.

### **WHY should you join us?**

- We are offering a full-time position as a **BI Technical Consultant** with a competitive salary and benefit package.
- You will work for an 11- time Microsoft Partner of the Year award winner.
- We are on the forefront of new technologies and engage directly with the Microsoft engineering team.
- You will be working with a long tenured, highly experienced, collaborative, supportive, and a fun goal-oriented team.
- We are committed to our service industry vertical focus – you will not be in manufacturing one week, retail the next, then distribution. You can focus and grow your skills in a single industry.
- You will be part of one of the largest resource pools of any Microsoft D365 partner – bringing local expertise combined with global reach.
- We are 100% dedicated to Microsoft Dynamics 365 and the Power Platform; we have no other lines of business or competing priorities.
- You will be taking part in an exciting work environment with some of the best and most experienced Dynamics 365 Functional and Technical Consultants in the business.

### **WHAT do we need?**

HSO ProServ is seeking a **BI Technical Consultant** to join our emerging Business Intelligence practice. This position will work with customers to develop and deploy BI solutions in Power BI and other Microsoft technologies (Microsoft Dynamics Finance and Operations, D365 CRM, and D365 HR).

- Willingness to learn and a passion for learning Business Intelligence and related technologies is a must have for this position.
- Being proactive and taking responsibility for project work is a key characteristic.
- Strong communication and consulting skills are required to assist customers in developing BI reports and their BI solution. The role will also work closely with our implementation teams and customers. The individual should be able to work collaboratively with a broad range of internal team members (BI analysts, functional consultants, other technical staff, project managers, and our executive team).

### **Prerequisites:**

- Power BI report development experience (3-4 years minimum)
  - Experience with building DAX measures
- Understanding of Azure SQL database and tabular model deployment
- T-SQL experience
  - Building views with complex joins
- Understanding of Data Modeling
  - Understanding of FACT and dimension table functionality and relationships
- Excellent communication and organizational skills
- Ability to explain complex technical concepts to non-technical audiences

**Other Skills:**

- Familiarity with basic financial principals
- Willingness to take on new challenges and learn new skills
